Getting Started with Quaver Pre-K!

Once logged in, you'll be taken to your **Teacher Dashboard**—your one-stop-shop for all of your QuaverMusic Resources! The Dashboard can be broken down into two main sections: Instruction and Support Tools.

Instruction – The top of the Dashboard contains your year-long curriculum of daily lessons, a standards-based view of the curriculum, and a selection of Instructional Guides.

Support Tools – The bottom half of the Dashboard includes assessment tools, adaptable digital resources, and ongoing professional development and technical support.

Here are two easy ways to get started from your Teacher Dashboard:

1 • Drill Down into a Specific Domain

Click the **CORRELATIONS** icon to get a standards-based view of the curriculum. Click any domain across the top of the screen to see the Outcomes and Breakouts on which children will be assessed. You can click the link within the Interactive Correlation or use the Location Key to find the activity within the curriculum. Each location is listed by theme, week, day, section of the day, and specific activity, using the following key: **Theme.Week.Day-Section.Activity.Center*- Activity Name**

For example: **T3.1.2-13.01.3 - Afternoon Center Recommendations - Library and Listening Center**

T3 = Theme 3 - Amazing Nature

1 = Week 1 - The Suns and Seasons

2 = Day 2 - Tuesday

13 = Section 13 - Center Time 2

01 = Activity 01 - Afternoon Center Recommendations

3 = Center 3 - Library and Listening Center

*This final digit is only provided if the correlation involves a Center to indicate the specific Center where the breakout is addressed.

2 • Explore a Complete Lesson

Back on your Dashboard, click the **CURRICULUM** icon to open a menu of Quaver Pre-K Lessons organized into eight themes. Each theme contains four weeks of full-day lesson plans and one special culminating project. Each lesson plan is ready to launch and includes everything you need for a full day of instruction.

Enjoy your review!
