Description

This session will focus on the purpose, development, and outcomes of community schools.

Directions

As you watch the video, please take notes surrounding each topic. After the session, take some time to reflect on your notes, and how this information may impact your work.

	Notes	Reflection
1. What is the definition and history of a community school?		
2. What does a community school look like, both when starting out and once established? What is the development timeline?		
3. What model could other schools follow and implement to become a community school?		

QuaverPLC: Leaders in Education – Community Schools

	Notes	Reflection
4. There are four pillars that form a community school foundation. What does the first pillar, Active Family and Community Engagement, look like?		
5. What does the second pillar, Integrated Student Supports, look like?		
6. What does the third pillar, Expanded Learning Time and Opportunities, look like?		
7. What does the fourth pillar, Collaborative Leadership and Practice, look like?		
8. How might a school go about becoming a community school? What is your process for a new community school?		

	Notes	Reflection
9. What is the goal setting process? How do you identify your school's needs?		
10. How can we view the unique needs and assets of a school through a lens of diversity, equity, inclusion, and accessibility?		
11. How can educators and schools that are not currently community schools bolster their student supports?
