Flexible for every teacher. **Engages** every student.

Easy to Learn

QuaverReady provides a full year of evidence-based social and emotional learning curriculum. Our easy-to-use, digital platform and supplemental resources make teaching and learning fun.

Lessons come to life through interactive elements, games, and upbeat songs. With QuaverReady, you will find online and printable resources that fit into any school day.

Easier Lesson Planning

- Each fully developed lesson includes a printable, editable lesson plan and notes for each activity screen
- Printable Scope and Sequence, Curriculum Maps, and more
- Ready-to-use resources

Customization

- Customizable dashboard with drag-and-drop functionality
- Color-changing capabilities for easy customization
- Access to Quaver's Resource Manager. This allows users to search, create, and share custom content across the district

Accessible Anywhere

You can access QuaverReady's browser-based application from anywhere with an Internet connection. Wherever you are, you can use our ready-made lessons and lesson-planning tools.

Accessible Features

QuaverReady is designed for all learners to see themselves reflected in the curriculum. All lesson screens include accessible features such as printable transcripts, audio descriptions, and keyboard navigation.

District System Integration

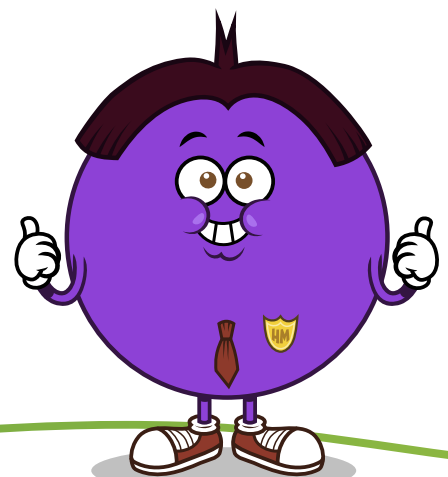

Data doesn't lie. We are a cutting-edge education company with a digital product. We offer various levels and methods for integrating with your district's technology and supporting district-wide implementation. These benefit any district interested in gathering meaningful data on teacher usage and student performance.

Whole-School Approach

With a Whole-School License, any school professional can teach QuaverReady. Built-in administrative tools make it easy to share lesson plans, reports, and data with stakeholders.

Resources in Spanish

Our resources help students improve their comprehension and use of the English language. English language learners are supported through songs, interactive screens, and community resources in Spanish.

Ready to Use

Everything you need to make the most of our platform is in one place. Access ready-to-use lessons, planning tools, and more through your customizable dashboard.

The QuaverReady platform is designed for ease of use by all teachers. No previous technology skills are required.

Inbox

Your QuaverReady Inbox can help you stay up-to-date with new content and resources. There, you will receive timely updates every time you enter the platform. You will also receive monthly newsletters in your email. Stay connected and informed with ease!

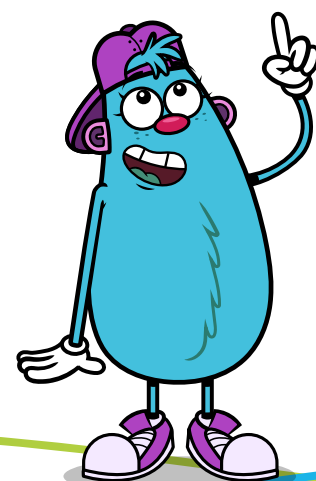

Easy Customization

We know that every classroom is different. Meet the unique needs of your students by customizing our lessons. Drag-and-drop functionality lets you move, remove, or add content from the Quaver library.

Do you have favorite resources outside of Quaver? You can bring in your own content, including YouTube videos, MP3s, PowerPoint presentations, and more.

Assessments Made Easy

Each QuaverReady lesson ends with an informal, formative assessment. This helps students review the content and check for understanding. These assessments are grade-level appropriate and are differentiated for each grade level.

Seriously Fun

Everything you need to make the most of our platform is in one place. Access ready-to-use lessons, planning tools, and more through your customizable dashboard.

Engaging and catchy songs students will love to sing!

Brain Breaks reenergize and refocus students through physical movement or mindful activity. Educators can reinforce skills, foster classroom discussion, and improve behavior in under ten minutes!

Social Skills	Having Friendly Conversations 	Why Are Social Skills Important? 
Academic Support	Success at School 	Managing Academics 

Year-Round Teacher Support

Access to our standards-aligned online curriculum is only the first step. In addition to our easy-to-learn platform, educators receive year-round support. Our educators have access to implementation services, ongoing training, professional learning opportunities, and customer service. Our standards-aligned curriculum and support will help you bring physical education to life.

Implementation Services

Our work begins with understanding your vision. We engage with district and school leadership to learn your goals and how we can help. From there, we assist you in developing a customized plan that aligns with your district.

Some services include:

- Planning
- Goal Setting
- Custom Scope and Sequence
- Walk Through Tools and Surveys
- Data Analysis and Reporting
- Lesson Modeling
- Individual and Small Group Coaching
- Summer School Support
- Teacher Rewards Programs
- Family and Community Resources

Ongoing Product Training

The QuaverReady platform includes free training and instructional support. This includes everything from live product training to academic workshops and virtual support. Our educators will find a variety of flexible training and resources to fit their needs. Also available in QuaverReady is a sequenced series of tutorials that can be watched anytime. These videos can be used as a refresher. They cover a variety of topics to ensure educators get the most out of QuaverReady.

Professional Learning

As part of our professional learning, we host educators and subject-matter experts in our series "QuaverPLC: Leaders in Education." Each month, we discuss relevant educational topics and provide insight and strategies for all educators. Scan the code to watch our conversation with Becky Haas, an international advocate and trainer. This episode focuses on understanding and identifying trauma in the school setting.
