

Back-to-School: Parent Letter

Dear Parents, Guardians, and Families,

This year at school, your student will be introduced to QuaverEd, a nationally recognized online curricula provider. QuaverEd's family of curricula—QuaverMusic, QuaverReady, and QuaverHealth•PE—is designed to bring learning to life for students!

Each product is designed with elementary and middle school students in mind. I'll use engaging songs, activities, lessons, interactives, and prompts throughout the year. Many lessons include music and movement to reinforce concepts.

QuaverEd is trusted in over 28,000 schools, with nearly 10 million students engaged in education. It is a nationally recognized leader and is loved by students, teachers, and parents worldwide. Together, we'll create meaningful connections to pave the way for a successful year. View one of QuaverEd's original songs, ["Glow."](#) or scan the QR code below to see what we can expect this year. You'll hear more songs and activities in the following months.

I'm excited to offer this resource to my classes. If you have any questions, please don't hesitate to ask me. You can also visit [QuaverEd.com](https://www.QuaverEd.com) to learn more about this engaging curriculum.

Sincerely,
